Work teams met to prioritize activities for the 2013 – 2014 Action Plan. Each team member indicated with stickers which activities he or she felt should be prioritized for the 2013 – 2014 timeframe. The activities with the greatest number of votes became priority activities. For each priority activity, team members finalized a coordinating agency, proposed partner agencies, and a timeframe. Activities not prioritized for the 2013 – 2014 Action Plan will be addressed in subsequent action planning years, 2015, 2016, and 2017.
