The team worked on developing objectives for Strategy AC1.1. **Outcomes**-Creation of a database or clearinghouse and a written report. **Assessment of:** Clinical (Primary Care), Behavioral, and Prescription drug services.

Assess: Consumer utilization of above services and organizations such as; Health Dept. Medical Homes, physicians, substance abuse providers, etc. **Timeframe**- September 2013- August 2014. **Process Measures**- 1. Completed assessment 2. Gap analysis 3. Written report of findings. **Responsible party**-It was suggested that HHS may be a good lead for this strategy.

After working towards developing the objective for AC1, the team suggested we combine strategies AC1.1, 3, and 4.

AC1.2 By January 2014 have a CHAT member appointed to the Transit Advisory Council (PSTA). Members will help address access to care barriers in transportation and provide minutes and a report to the CHAT team.
